OSA 3419-63
21 June 1963

MEMORANDUM FOR: Chief, Materiel Division, OSA
SUBJECT : Procurement of Radio and Navigational Equipment

1. The Communications Division, OSA, has a requirement for a mobile air-ground radio station to be used for air control from some future staging base which may not have permanently installed radio and navaid facilities. These units are available in stock, consisting of a jeep vehicle, equipped with 28 VDC generator which furnishes required power to operate LF, HF, and UHF radio equipment. A low-frequency homing beacon with remote control capability is also provided with the mobile system. It is requested, therefore, that the following equipment be requisitioned for Project use:

Radio Control Set Central, Communications
with operating and maintenance manuals;
3/5895-543-0582; cost N/A.

2. T and I is requested for this equipment prior to delivery to [] for storage pending deployment and use.
